Not sure yet. Depends on republicans doing their duty.

Some people are bringing weapons, others party poppers but everyone is expecting trouble from Antifa, pigs and blm.

I hear so much about the beginning of a civil war, say for example the worst happens and they say Xi-Biden has won, then what? It's easy enough to just say "be there it will be wild" but surely there's a plan?

Sorry for my ignorance but I am a Brit "straight outa EU".

We are the morning crew buddy. I'm irish,

Trump will be speaking at the event so maybe some insights there.

If the election is contested, the people on the ground will be the army that stops BLM and Antifa from halting the contest.

140 house members are contesting but only 1 senator for sure for now. This will force a vote to decertify states (sorta) Many republicans wouldnt dare betray trump in front of the public so establishment ccp members like Manchurian Mitch are trying to stop the vote period.

Justice Roberts is also said to have said that riots are the only way SCOTUS will listen so riots it will probably be. DC is 94% democrat or something so fuck them.

We fight. It's our duty spelled out in the Declaration of Independence. "But when a long train of abuses and usurpations, pursuing invariably the same object evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government." That's the plan. We all know this deep in our hearts. Our livelihoods have been taken, our loved ones have died alone, we're called deplorables for wanting self determination enshrined in our Constitution, many of us live under lockdowns. BLM and Antifa are the least of our

problems. We are their problem and they will dissolve before our righteous anger. And the Capitol is ours and we will take it back. We fight.
